

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.  
SDS Reference Number: 227  
Issue date: 21/04/2026 Version: 1.0

**SECTION 1: Identification of the substance/mixture and of the company/undertaking****1.1. Product identifier**

Product form : Mixture  
Trade name : SLAYMOR  
Type of product : Biocidal products (e.g. Disinfectants, pest control)  
Authorisation number : GB-2014-0826-0003 / NI-2014-0826-0003  
Product group : Product

**1.2. Relevant identified uses of the substance or mixture and uses advised against****1.2.1. Relevant identified uses**

Main use category : Trained professional  
Use of the substance/mixture : A blue, ready-to-use, rodenticidal, whole-grain bait with no perceptible odour and a bittering agent. For use by professional operators for the control of rats and mice.  
Use of the substance/mixture : Rodenticide

**1.2.2. Uses advised against**

No additional information available

**1.3. Details of the supplier of the safety data sheet**

Rentokil Initial Supplies  
Liverpool  
L33 7SR  
UK

Product advice line: +44 (0)151 548 5050  
Email: products@rentokil.com

**1.4. Emergency telephone number**

Emergency number : +44 (0)1342 833022 (24/7)  
Call NHS 111 or a doctor (For UK/NI only)

| Country/Area   | Organisation                                                                                        | Emergency number                                   |
|----------------|-----------------------------------------------------------------------------------------------------|----------------------------------------------------|
| United Kingdom | National Poisons Information Service (Birmingham Centre).<br>City Hospital.<br>Dudley Road B18 7QH. | 0344 892 0111<br>Only for healthcare professionals |

**SECTION 2: Hazards identification****2.1. Classification of the substance or mixture****Classification according to GB CLP (SI 2019:720 as amended)**

Reproductive toxicity, Category 1B H360D  
Specific target organ toxicity – Repeated exposure, Category 1 H372  
Full text of H- and EUH-statements: see section 16

**Adverse physicochemical, human health and environmental effects**

This product contains an anticoagulant compound. If large quantities are ingested, nosebleed and bleeding gums may occur. In severe cases there may be bruising, haematomas of the joints and blood present in the faeces and urine.

# SLAYMOR

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.

### 2.2. Label elements

#### Labelling according to GB CLP (SI 2019:720 as amended)

Hazard pictograms (GB CLP)

:

GHS08

Signal word (GB CLP)

: Danger

Contains

: Bromadiolone

Hazard statements (GB CLP)

: H360D - May damage the unborn child.

H372 - Causes damage to organs through prolonged or repeated exposure.

Precautionary statements (GB CLP)

: P201 - Obtain special instructions before use.

P202 - Do not handle until all safety precautions have been read and understood.

P260 - Do not breathe dust.

P308+P313 - IF exposed or concerned: Get medical advice or attention.

P280 - Wear protective gloves.

P405 - Store locked up.

P501 - Dispose of contents and container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste.

Extra phrases (GB CLP)

: Restricted to professional users.

### 2.3. Other hazards

#### Results of PBT and vPvB assessment

| Component                                                                                        |                                                                          |
|--------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| Substance(s) not meeting the PBT criteria of UK REACH regulation, in accordance with Annex XIII  | Propane-1,2-diol (57-55-6), Whole wheat grain, Bromadiolone (28772-56-7) |
| Substance(s) not meeting the vPvB criteria of UK REACH regulation, in accordance with Annex XIII | Propane-1,2-diol (57-55-6), Whole wheat grain, Bromadiolone (28772-56-7) |

#### Results of Endocrine Disruptor assessment

| Component                                                                                                                                                                                                                                                                                                         |                                                                        |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| Substance(s) not considered as endocrine disrupting. They are not included in the list established in accordance with Article 59(1) of UK REACH for having endocrine disrupting properties, nor identified as having endocrine disrupting properties in accordance with the criteria set out in GB BPR and GB PPP | Whole wheat grain, Propane-1,2-diol(57-55-6), Bromadiolone(28772-56-7) |

## SECTION 3: Composition/information on ingredients

### Mixtures

| Name                                                         | Product identifier                    | %     | Classification according to GB CLP (SI 2019:720 as amended) |
|--------------------------------------------------------------|---------------------------------------|-------|-------------------------------------------------------------|
| Whole wheat grain substance with workplace exposure limit(s) | -                                     | ≥ 75  | Not classified                                              |
| Propane-1,2-diol substance with workplace exposure limit(s)  | CAS-No.: 57-55-6<br>EC-No.: 200-338-0 | 4 – 5 | Not classified                                              |

Full text of H- and EUH-statements: see section 16

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                                       |                                                                                                                   |
|---------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : Never give anything by mouth to an unconscious person. IF exposed or concerned: Get medical advice/attention.   |
| First-aid measures after inhalation   | : Allow affected person to breathe fresh air. Allow the victim to rest.                                           |
| First-aid measures after skin contact | : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. |
| First-aid measures after eye contact  | : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persists.         |
| First-aid measures after ingestion    | : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.                                        |

### 4.2. Most important symptoms and effects, both acute and delayed

|                  |                                                                                                                                                  |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms/effects | : If you feel unwell, seek medical advice. May damage the unborn child.. Causes damage to organs (blood) through prolonged or repeated exposure. |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|

### 4.3. Indication of any immediate medical attention and special treatment needed

Phytomenadione Vitamin K1 is antidotal.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                |                                                        |
|--------------------------------|--------------------------------------------------------|
| Suitable extinguishing media   | : Foam. Dry powder. Carbon dioxide. Water spray. Sand. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.                     |

### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                                                                                                                                                 |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Explosion hazard                                 | : Product is not explosive.                                                                                                                                     |
| Reactivity in case of fire                       | : On burning: release of harmful/irritant gases/vapours e.g.: carbon monoxide - carbon dioxide. and: formation of small quantities of (acrolein, formaldehyde). |
| Hazardous decomposition products in case of fire | : On burning: release of harmful/irritant gases/vapours.                                                                                                        |

### 5.3. Advice for firefighters

|                                |                                                                                                                                                                       |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire fighting water from entering the environment. |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection.                                                                       |

# SLAYMOR

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

##### 6.1.1. For non-emergency personnel

Emergency procedures : Evacuate unnecessary personnel.

##### 6.1.2. For emergency responders

Protective equipment : Equip cleanup crew with proper protection.  
Emergency procedures : Ventilate area.

#### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

#### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : On land, sweep or shovel into suitable containers. Store away from other materials.  
Minimise generation of dust.

#### 6.4. Reference to other sections

See Section 8. Exposure controls and personal protection.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapour.  
Hygiene measures : Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep only in the original container in a cool well ventilated place. Keep container closed when not in use. Keep out of reach of children.  
Incompatible products : Strong bases. Strong acids.  
Incompatible materials for storage : Sources of ignition. Direct sunlight.

#### 7.3. Specific end use(s)

Rodenticide.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

##### 8.1.1 National occupational exposure and biological limit values

##### Propane-1,2-diol (57-55-6)

##### United Kingdom - Occupational Exposure Limits

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Local name           | Propane-1,2-diol                                    |
| WEL TWA (OEL TWA)    | 10 mg/m <sup>3</sup> particulates                   |
|                      | 474 mg/m <sup>3</sup> total vapour and particulates |
|                      | 150 ppm total vapour and particulates               |
| WEL STEL (OEL STEL)* | 30 mg/m <sup>3</sup>                                |
|                      | 450 ppm                                             |
| Regulatory reference | EH40/2005 (Fourth edition, 2020). HSE               |

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.

### Whole wheat grain

#### United Kingdom - Occupational Exposure Limits

|                      |                                              |
|----------------------|----------------------------------------------|
| Local name           | Grain dust                                   |
| WEL TWA (OEL TWA)    | 10 mg/m <sup>3</sup>                         |
| WEL STEL (OEL STEL)* | 30 mg/m <sup>3</sup>                         |
| Remark               | Sen (Capable of causing occupational asthma) |
| Regulatory reference | EH40/2005 (Fourth edition, 2020). HSE        |

#### 8.1.2. Recommended monitoring procedures

No additional information available

#### 8.1.3. Air contaminants formed

No additional information available

#### 8.1.4. DNEL and PNEC

No additional information available

#### 8.1.5. Control banding

No additional information available

### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

No additional information available

#### 8.2.2. Personal protection equipment

##### Personal protective equipment:

Avoid all unnecessary exposure.

##### 8.2.2.1. Eye and face protection

###### Eye protection:

None necessary during normal handling and use.

##### 8.2.2.2. Skin protection

###### Hand protection:

Wear protective gloves.

##### 8.2.2.3. Respiratory protection

###### Respiratory protection:

None necessary during normal handling and use.

##### 8.2.2.4. Thermal hazards

No additional information available

#### 8.2.3. Environmental exposure controls

##### Other information:

Do not eat, drink or smoke during use.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

| Explosive properties                            | : Not available  |

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

This product is stable under normal conditions of handling and use.

### 10.2. Chemical stability

This product is stable under normal conditions of handling and use.

### 10.3. Possibility of hazardous reactions

None expected under normal conditions of handling and use.

### 10.4. Conditions to avoid

Direct sunlight. Extremely high or low temperatures.

### 10.5. Incompatible materials

Strong acids. Strong bases.

### 10.6. Hazardous decomposition products

Fume. Carbon monoxide. Carbon dioxide.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                             |                  |
|-----------------------------|------------------|
| Acute toxicity (oral)       | : Not classified |
| Acute toxicity (dermal)     | : Not classified |
| Acute toxicity (inhalation) | : Not classified |

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.

| Bromadiolone (28772-56-7) |                   |
|---------------------------|-------------------|
| LD50 oral rat             | 0.56 – 0.84 mg/kg |
| LD50 dermal rat           | 1.71 mg/kg        |
| LC50 Inhalation - Rat     | 0.00043 mg/l/4h   |

Skin corrosion/irritation : Not classified

| Propane-1,2-diol (57-55-6) |                      |
|----------------------------|----------------------|
| pH                         | 6 – 8 Source: GESTIS |

| Bromadiolone (28772-56-7) |           |
|---------------------------|-----------|
| pH                        | 5 at 25°C |

Serious eye damage/irritation : Not classified

| Propane-1,2-diol (57-55-6) |                      |
|----------------------------|----------------------|
| pH                         | 6 – 8 Source: GESTIS |

| Bromadiolone (28772-56-7) |           |
|---------------------------|-----------|
| pH                        | 5 at 25°C |

Respiratory or skin sensitisation : Not classified

Germ cell mutagenicity : Not classified

Carcinogenicity : Not classified

Reproductive toxicity : May damage the unborn child.

STOT-single exposure : Not classified

STOT-repeated exposure : Causes damage to organs through prolonged or repeated exposure.

| Propane-1,2-diol (57-55-6)                     |                                                    |
|------------------------------------------------|----------------------------------------------------|
| NOAEL (subchronic, oral, animal/male, 90 days) | 443 mg/kg bodyweight Animal: cat, Animal sex: male |

| Bromadiolone (28772-56-7) |                                                                         |
|---------------------------|-------------------------------------------------------------------------|
| STOT-repeated exposure    | Causes damage to organs (blood) through prolonged or repeated exposure. |

Aspiration hazard : Not classified

### Other information

#### Endocrine disrupting properties

No additional information available

#### Other information

Potential adverse human health effects and symptoms : Based on available data, the classification criteria are not met

## SECTION 12: Ecological information

### 12.1. Toxicity

Hazardous to the aquatic environment, short-term (acute) : Not classified

Hazardous to the aquatic environment, long-term (chronic) : Not classified

| Propane-1,2-diol (57-55-6) |                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------|
| LC50 - Fish [1]            | 51600 mg/l Test organisms (species): Oncorhynchus mykiss (previous name: Salmo gairdneri) |
| LC50 - Fish [2]            | 51400 mg/l Test organisms (species): Pimephales promelas                                  |

## Safety Data Sheet

According to REACH Regulation (EC) No 1907/2006, as retained and amended in UK law.

### Rail transport

Not regulated

### 14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. National regulations

##### UK REACH Annex XVII (Restriction List)

##### UK restriction list (REACH Annex XVII)

| Reference code | Applicable on | Entry title or description                                                                                                                                                                 |
|----------------|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 30.            | Bromadiolone  | Substances which are classified as reproductive toxicant category 1A or 1B in the GB mandatory classification and labelling list and are listed in Appendix 5 or Appendix 6, respectively. |

##### UK REACH Annex XIV (Authorisation List)

This product contains no substance(s) listed on UK REACH Annex XIV (Authorisation List) equal to or above the 0.1% level of disclosure

##### UK REACH Candidate List (SVHC)

This product contains no substance(s) listed on the UK REACH Candidate List (SVHC).

##### Biocide Regulation (528/2012)

Contains substance(s) listed on the Biocidal Products list (Regulation EU 528/2012 concerning the making available on the market and use of biocidal products)

Type of product (Biocide) : 14 - Rodenticides  
Authorisation number : GB-2014-0826-0003 / NI-2014-0826-0003  
Contains : bromadiolone (0.005 % (percentage))

##### GB PIC Regulation (Prior Informed Consent)

This product contains no substance(s) listed on the GB PIC List equal to or above the level of SDS disclosure

##### POP Regulation (Persistent Organic Pollutants)

This product contains no substance(s) listed on the GB POP List equal to or above the level of SDS disclosure

##### Ozone Regulation (S.I. No. 168 of 2015)

This product contains no substance(s) listed on the GB Ozone Depletion List equal to or above the level of SDS disclosure

##### Control of Poisons and Explosives Precursors Act

This product contains no substance(s) listed as a reportable poison on the Control of Poisons and Explosives Precursors Regulations equal to or above the level of SDS disclosure

This product contains no substance(s) listed as a regulated poison on the Control of Poisons and Explosives Precursors Regulations equal to or above the level of SDS disclosure

This product contains no substance(s) listed as a reportable explosive precursor on the Control of Poisons and Explosives Precursors Regulations equal to or above the level of SDS disclosure

This substance is not listed as a regulated poison on the Control of Poisons and Explosives Precursors Regulations

##### Drug Precursors Regulation (EC 273/2004)

This product contains no substance(s) listed on the GB Drug Precursors List equal to or above the level of SDS disclosure

#### 15.1.2. Other Information

### 15.2. Chemical safety assessment

No additional information available
