

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

SDS Reference Number: 226

Issue date: 22/11/2022 Revision date: 01/05/2026 Supersedes version of: 05/08/2025 Version: 20.0

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

## 1.1. Product identifier

|                      |                                                        |
|----------------------|--------------------------------------------------------|
| Product form         | : Mixture                                              |
| Trade name           | : FENTROL                                              |
| UFI                  | : 2KYV-C0GT-D00H-5951                                  |
| Product code         | : PSF201                                               |
| Type of product      | : Biocidal products (e.g. Disinfectants, pest control) |
| Authorisation number | : GB-2011-0143 / NI-2011-0143                          |
| Product group        | : Product                                              |

## 1.2. Relevant identified uses of the substance or mixture and uses advised against

## Relevant identified uses

|                              |                                                                                                                                                                             |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Main use category            | : Trained professional                                                                                                                                                      |
| Use of the substance/mixture | : A blue, ready-to-use, rodenticidal, whole-grain bait with no perceptible odour and a bittering agent. For use by professional operators for the control of rats and mice. |
| Use of the substance/mixture | : Rodenticide                                                                                                                                                               |

## Uses advised against

|                     |                                         |
|---------------------|-----------------------------------------|
| Restrictions on use | : For use only by trained professionals |
|---------------------|-----------------------------------------|

## 1.3. Details of the supplier of the safety data sheet

Rentokil Pest Control  
Units 5-7  
Abbey Enterprise Park  
Mill Road  
Newtownabbey  
Co Antrim  
BT36 7BA

Tel: +44 (0)28 9086 5006  
Email: products@rentokil.com

## 1.4. Emergency telephone number

|                  |                                                                          |
|------------------|--------------------------------------------------------------------------|
| Emergency number | : +44 (0)1342 833022 (24/7)<br>Call NHS 111 or a doctor (For UK/NI only) |
|------------------|--------------------------------------------------------------------------|

## SECTION 2: Hazards identification

## 2.1. Classification of the substance or mixture

## Classification according to Regulation (EC) No. 1272/2008 [CLP]

Reproductive toxicity, Category 1B H360D  
Specific target organ toxicity – Repeated exposure, Category 2 H373  
Full text of H- and EUH-statements: see section 16

## Adverse physicochemical, human health and environmental effects

This product contains an anticoagulant compound. If large quantities are ingested, nosebleed and bleeding gums may occur. In severe cases there may be bruising, haematomas of the joints and blood present in the faeces and urine.

# FENTROL

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 2.2. Label elements

#### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP)

GHS08

Signal word (CLP)

: Danger

Contains

: difenacoum

Hazard statements (CLP)

: H360D - May damage the unborn child.  
H373 - May cause damage to organs (blood) through prolonged or repeated exposure.

Precautionary statements (CLP)

: P201 - Obtain special instructions before use.  
P202 - Do not handle until all safety precautions have been read and understood.  
P260 - Do not breathe dust.  
P280 - Wear protective gloves.  
P308+P313 - IF exposed or concerned: Get medical advice/attention.  
P405 - Store locked up.  
P501 - Dispose of contents and container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste.

### 2.3. Other hazards

Contains no PBT and/or vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

| Name                                                                  | Product identifier                                                     | %         | Classification according to Regulation (EC) No. 1272/2008 [CLP]                                                                                                                                               |
|-----------------------------------------------------------------------|------------------------------------------------------------------------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Whole wheat grain substance with a Community workplace exposure limit | -                                                                      | $\geq 75$ | Not classified                                                                                                                                                                                                |

# FENTROL

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |                                                                                                                                        |
|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : Never give anything by mouth to an unconscious person. IF exposed or concerned: Get medical advice/attention.                        |
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing. Allow affected person to breathe fresh air. Allow the victim to rest. |
| First-aid measures after skin contact | : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.                      |
| First-aid measures after eye contact  | : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persists.                              |
| First-aid measures after ingestion    | : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention. Call a poison center or a doctor if you feel unwell.        |

#### 4.2. Most important symptoms and effects, both acute and delayed

|                  |                                                                                                                                     |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms/effects | : Not expected to present a significant hazard under anticipated conditions of normal use. If you feel unwell, seek medical advice. |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------|

#### 4.3. Indication of any immediate medical attention and special treatment needed

Phytomenadione Vitamin K1 is antidotal.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                                |                                                        |
|--------------------------------|--------------------------------------------------------|
| Suitable extinguishing media   | : Foam. Dry powder. Carbon dioxide. Water spray. Sand. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.                     |

#### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                                                                                 |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------|
| Explosion hazard                                 | : Product is not explosive.                                                                     |
| Reactivity in case of fire                       | : On burning: release of harmful/irritant gases/vapours e.g.: carbon monoxide - carbon dioxide. |
| Hazardous decomposition products in case of fire | : On burning: release of harmful/irritant gases/vapours.                                        |

#### 5.3. Advice for firefighters

|                                |                                                                                                                                                                       |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire fighting water from entering the environment. |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection.                                                                       |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |                                                                 |
|------------------|-----------------------------------------------------------------|
| General measures | : Notify authorities if product enters sewers or public waters. |
|------------------|-----------------------------------------------------------------|

##### For non-emergency personnel

|                      |                                   |
|----------------------|-----------------------------------|
| Emergency procedures | : Evacuate unnecessary personnel. |
|----------------------|-----------------------------------|

##### For emergency responders

|                      |                                              |
|----------------------|----------------------------------------------|
| Protective equipment | : Equip cleanup crew with proper protection. |
| Emergency procedures | : Ventilate area.                            |

#### 6.2. Environmental precautions

Avoid release to the environment. Prevent entry to sewers and public waters.

#### 6.3. Methods and material for containment and cleaning up

|                         |                                                                                                                                                      |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Methods for cleaning up | : Mechanically recover the product. On land, sweep or shovel into suitable containers. Store away from other materials. Minimise generation of dust. |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|

# FENTROL

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

Other information : Dispose of materials or solid residues at an authorized site.

### 6.4. Reference to other sections

See Section 8. Exposure controls and personal protection. For further information refer to section 13.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Obtain special instructions before use. Avoid breathing dust.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep only in the original container in a cool well ventilated place. Keep container closed when not in use. Keep out of reach of children.

Incompatible products : Strong bases. Strong acids.

Incompatible materials : Sources of ignition. Direct sunlight.

### 7.3. Specific end use(s)

Rodenticide.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### National occupational exposure and biological limit values

| Whole wheat grain                                  |                      |
|----------------------------------------------------|----------------------|
| EU - Indicative Occupational Exposure Limit (IOEL) |                      |
| IOEL TWA                                           | 10 mg/m <sup>3</sup> |
| IOEL STEL                                          | 4 mg/m <sup>3</sup>  |

### 8.2. Exposure controls

#### Personal protection equipment

**Personal protective equipment:**  
Avoid all unnecessary exposure.

#### Eye and face protection

**Eye protection:**  
None necessary during normal handling and use.

#### Skin protection

**Skin and body protection:**  
Wear suitable protective clothing

**Hand protection:**  
Wear protective gloves.

#### Respiratory protection

**Respiratory protection:**  
Not required for normal conditions of use

#### Environmental exposure controls

**Environmental exposure controls:**  
Avoid release to the environment.

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Other information:

Do not eat, drink or smoke during use.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                          |
|-------------------------------------------------|--------------------------|
| Physical state                                  | : Solid                  |
| Colour                                          | : Blue.                  |
| Odour                                           | : Odourless.             |
| Odour threshold                                 | : Not available          |
| Melting point                                   | : Not available          |
| Freezing point                                  | : Not applicable         |
| Boiling point                                   | : Not available          |
| Flammability                                    | : Non flammable          |
| Lower explosion limit                           | : Not applicable         |
| Upper explosion limit                           | : Not applicable         |
| Flash point                                     | : Not applicable         |
| Auto-ignition temperature                       | : Not applicable         |
| Decomposition temperature                       | : Not available          |
| pH                                              | : 6.4                    |
| pH solution                                     | : Not available          |
| Viscosity, kinematic                            | : Not applicable         |
| Solubility                                      | : Not available          |
| Partition coefficient n-octanol/water (Log Kow) | : Not available          |
| Vapour pressure                                 | : Not available          |
| Vapour pressure at 50°C                         | : Not available          |
| Density                                         | : 0.74 g/cm <sup>3</sup> |
| Relative density                                | : Not available          |
| Relative vapour density at 20°C                 | : Not applicable         |
| Particle size                                   | : Not available          |

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

This product is stable under normal conditions of handling and use.

### 10.2. Chemical stability

This product is stable under normal conditions of handling and use.

### 10.3. Possibility of hazardous reactions

None expected under normal conditions of handling and use.

### 10.4. Conditions to avoid

Direct sunlight. Extremely high or low temperatures.

### 10.5. Incompatible materials

Strong acids. Strong bases.

### 10.6. Hazardous decomposition products

Fume. Carbon monoxide. Carbon dioxide.

# FENTROL

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 11: Toxicological information

#### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                             |                  |
|-----------------------------|------------------|
| Acute toxicity (oral)       | : Not classified |
| Acute toxicity (dermal)     | : Not classified |
| Acute toxicity (inhalation) | : Not classified |

#### FENTROL

|               |              |
|---------------|--------------|
| LD50 oral rat | > 2000 mg/kg |
|---------------|--------------|

#### difenacoum (56073-07-5)

|                       |                            |
|-----------------------|----------------------------|
| LD50 oral rat         | 1.8 mg/kg                  |
| LD50 dermal rat       | 63 mg/kg                   |
| LC50 Inhalation - Rat | 0.00346 – 0.005848 mg/l/4h |
| ATE CLP (oral)        | 1.8 mg/kg bodyweight       |
| ATE CLP (dermal)      | 5 mg/kg bodyweight         |
| ATE CLP (vapours)     | 0.003 mg/l/4h              |
| ATE CLP (dust,mist)   | 0.003 mg/l/4h              |

|                                   |                                                                              |
|-----------------------------------|------------------------------------------------------------------------------|
| Skin corrosion/irritation         | : Not classified<br>pH: 6.4                                                  |
| Additional information            | : Based on available data, the classification criteria are not met           |
| Serious eye damage/irritation     | : Not classified<br>pH: 6.4                                                  |
| Additional information            | : Based on available data, the classification criteria are not met           |
| Respiratory or skin sensitisation | : Not classified                                                             |
| Additional information            | : Based on available data, the classification criteria are not met           |
| Germ cell mutagenicity            | : Not classified                                                             |
| Additional information            | : Based on available data, the classification criteria are not met           |
| Carcinogenicity                   | : Not classified                                                             |
| Additional information            | : Based on available data, the classification criteria are not met           |
| Reproductive toxicity             | : May damage the unborn child.                                               |
| STOT-single exposure              | : Not classified                                                             |
| Additional information            | : Based on available data, the classification criteria are not met           |
| STOT-repeated exposure            | : May cause damage to organs (blood) through prolonged or repeated exposure. |

#### difenacoum (56073-07-5)

|                        |                                                                         |
|------------------------|-------------------------------------------------------------------------|
| STOT-repeated exposure | Causes damage to organs (blood) through prolonged or repeated exposure. |
|------------------------|-------------------------------------------------------------------------|

|                        |                                                                    |
|------------------------|--------------------------------------------------------------------|
| Aspiration hazard      | : Not classified                                                   |
| Additional information | : Based on available data, the classification criteria are not met |

#### FENTROL

|                      |                |
|----------------------|----------------|
| Viscosity, kinematic | Not applicable |
|----------------------|----------------|

#### 11.2. Information on other hazards

##### Other information

|                                                     |                                                                    |
|-----------------------------------------------------|--------------------------------------------------------------------|
| Potential adverse human health effects and symptoms | : Based on available data, the classification criteria are not met |
|-----------------------------------------------------|--------------------------------------------------------------------|

### SECTION 12: Ecological information

#### 12.1. Toxicity

|                                                          |                  |
|----------------------------------------------------------|------------------|
| Hazardous to the aquatic environment, short-term (acute) | : Not classified |
|----------------------------------------------------------|------------------|

# FENTROL

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

Hazardous to the aquatic environment, long-term (chronic) : Not classified

### difenacoum (56073-07-5)

|                      |            |
|----------------------|------------|
| LC50 - Fish [1]      | 0.064 mg/l |
| EC50 - Crustacea [1] | 0.52 ml/l  |

### 12.2. Persistence and degradability

#### FENTROL

|                               |                            |
|-------------------------------|----------------------------|
| Persistence and degradability | Not readily biodegradable. |
|-------------------------------|----------------------------|

#### Whole wheat grain

|                               |                  |
|-------------------------------|------------------|
| Persistence and degradability | Not established. |
|-------------------------------|------------------|

### difenacoum (56073-07-5)

|                               |                    |
|-------------------------------|--------------------|
| Persistence and degradability | Rapidly degradable |
|-------------------------------|--------------------|

### 12.3. Bioaccumulative potential

#### FENTROL

|                           |                                                |
|---------------------------|------------------------------------------------|
| Bioaccumulative potential | This product is not expected to bioaccumulate. |
|---------------------------|------------------------------------------------|

#### Whole wheat grain

|                           |                  |
|---------------------------|------------------|
| Bioaccumulative potential | Not established. |
|---------------------------|------------------|

### 12.4. Mobility in soil

No additional information available

### 12.5. Results of PBT and vPvB assessment

No additional information available

### 12.6. Endocrine disrupting properties

Adverse effects on the environment caused by endocrine disrupting properties : No additional information available.

### 12.7. Other adverse effects

#### FENTROL

|                   |                                   |
|-------------------|-----------------------------------|
| Other information | Avoid release to the environment. |
|-------------------|-----------------------------------|

#### Whole wheat grain

|                   |                                   |
|-------------------|-----------------------------------|
| Other information | Avoid release to the environment. |
|-------------------|-----------------------------------|

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Product/Packaging disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.  
Additional information : Under normal circumstances, waste product / empty containers will be disposed of by Rentokil Initial.  
Ecological waste information : Avoid release to the environment.

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / ADN / RID

#### 14.1. UN number or ID number

Not regulated for transport

#### 14.2. UN proper shipping name

|                             |                 |
|-----------------------------|-----------------|
| Proper Shipping Name (ADR)  | : Not regulated |
| Proper Shipping Name (IMDG) | : Not regulated |
| Proper Shipping Name (IATA) | : Not regulated |
| Proper Shipping Name (ADN)  | : Not regulated |
| Proper Shipping Name (RID)  | : Not regulated |

#### 14.3. Transport hazard class(es)

**ADR**  
Transport hazard class(es) (ADR) : Not regulated

**IMDG**  
Transport hazard class(es) (IMDG) : Not regulated

**IATA**  
Transport hazard class(es) (IATA) : Not regulated

**ADN**  
Transport hazard class(es) (ADN) : Not regulated

**RID**  
Transport hazard class(es) (RID) : Not regulated

#### 14.4. Packing group

|                      |                 |
|----------------------|-----------------|
| Packing group (ADR)  | : Not regulated |
| Packing group (IMDG) | : Not regulated |
| Packing group (IATA) | : Not regulated |
| Packing group (ADN)  | : Not regulated |
| Packing group (RID)  | : Not regulated |

#### 14.5. Environmental hazards

Other information : No supplementary information available

#### 14.6. Special precautions for user

**Overland transport**  
Not regulated

**Transport by sea**  
Not regulated

**Air transport**  
Not regulated

**Inland waterway transport**  
Not regulated

**Rail transport**  
Not regulated

#### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

##### EU-Regulations

##### REACH Annex XVII (Restriction List)

##### EU restriction list (REACH Annex XVII)

| Reference code | Applicable on | Entry title or description                                                                                                                                                                 |
|----------------|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 30.            | difenacoum    | Substances which are classified as reproductive toxicant category 1A or 1B in Part 3 of Annex VI to Regulation (EC) No 1272/2008 and are listed in Appendix 5 or Appendix 6, respectively. |

##### REACH Annex XIV (Authorisation List)

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

##### REACH Candidate List (SVHC)

Contains no substance(s) listed on the REACH Candidate List

##### PIC Regulation (Prior Informed Consent)

Contains substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals): Difenacoum (56073-07-5)

##### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

##### Ozone Regulation (2024/590)

Not listed on the Ozone Depletion list (Regulation EU 2024/590)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 2024/590 on substances that deplete the ozone layer)

##### Council Regulation (EC) for the control of dual-use items

Contains no substance subject to the COUNCIL REGULATION (EC) for the control of dual-use items

##### Biocide Regulation (528/2012)

Contains substance(s) listed on the Biocidal Products list (Regulation EU 528/2012 concerning the making available on the market and use of biocidal products)

Type of product (Biocide) : 14 - Rodenticides  
Authorisation number : GB-2011-0143 / NI-2011-0143  
Contains : difenacoum (0.005 % (percentage))

##### Explosives Precursors Regulation (EU 2019/1148)

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

##### Drug Precursors Regulation (EC 273/2004)

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

### SECTION 16: Other information

#### Indication of changes

| Section | Changed item                     | Comments        |
|---------|----------------------------------|-----------------|
|         | Supersedes                       | <b>Modified</b> |
|         | Revision date                    | <b>Modified</b> |
| 1.1     | UFI on SDS 1.1                   | <b>Added</b>    |
| 1.2     | Industrial/Professional use spec | <b>Removed</b>  |
