## RID RAT SUPER VALUE PACK

### WARNING

May cause eye irritation and mild skin irritation. May cause sensitisation from prolonged skin contact. May cause damage from repeated oral exposure. Ecotoxic to terrestrial vertebrates.

### PRECAUTIONS

After opening tub, store tightly closed in a safe place away from children and foodstuffs. Avoid contact with mouth and eyes. Wear gloves when handling bait or dead rodents. Wash hands and any exposed skin after use. Prevent children and domestic animals accessing the bait. Do not use where food or feed could become contaminated. Retrieve and burn all rodent bodies, unused baits and bait containers after treatment (if feasible).

### FIRST AID

If swallowed do NOT induce vomiting. For advice, contact the National Poison Centre 0800 POISON (0800 764 766) or a doctor immediately. If in eyes, wash out immediately with water. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.

### DIRECTIONS FOR USE

Place bait (30g or larger for RATS, 10g for MICE) in protected situations using 20g measure provided. Inspect baiting points frequently and replace bait until no more is taken. By Law: This product must only be used in a bait station and must only be used as specified on the label.

### STORAGE

When stored appropriately, this product should show no significant degradation up until its expiry date. Contact your supplier for further information about use of any product that is older than this.

See [www.nzfsa.govt.nz/acvm](http://www.nzfsa.govt.nz/acvm) for registration conditions.

In some situations the extent of Rat or Mice infestations may require the expertise and resources of a professional pest controller. It is recommended that such expert advice is sought if the infestation is not brought under control with the use of this product as directed. For professional pest control service call **0800 RENTOKIL to book a service by our expert technicians.**
