To whom it may concern

**Fotolec Technologies LTD/Glass Guard** certifies that the coating we apply to the following Rentokil products meets the requirements of BS EN 61549:2003 Double Capped Fluorescent Fragment Retention:

FE03 18+15W T8 BL368 Shatterproof

FE15 12+8W T5 BL368 Shatterproof

FE16 12+15W T5 BL368 Shatterproof

FE18 2ft 20W T12 BL368 Shatterproof

FE19 2ft 40W T12 BL368 Shatterproof

FE20 9+6W T5 BL368 Shatterproof

FE21 13+10W T8 BL368 Shatterproof

The following lamps are not covered by the BS EN 61549 standard, but have been successfully validated against it (e.g. passing the 4m drop test):

FE12 18+15W Circline BL368 Shatterproof

FE13 11W G23 Lynx BL368 Shatterproof

FE14 18W 2G11 Lynx BL368 Shatterproof

FE215 36W PLL 2G11 BL368 Shatterproof

FL46 20W ES27 Mini Lynx BL368 Shatterproof
