

1) IDENTIFICATION OF THE SUBSTANCE / PREPARATION

Commercial name: **ULTRA PRO TRAP**

Company identification: Coopers Environmental Science (Pty) Ltd
P O Box 14 374
Bredell
1623
Company reg. Number: 2000/02366/70/7

Company contact details: +27 (0) 11 979 4246/7
+27 (0) 11 979 4248
web address: www.cooperses.co.za

Emergency number:
Poison Information Centres: South Africa

Gauteng: Unitas Hospital: 0800 111 9900 (all hours)
Western Cape: Tygerberg Hospital: (021) 931 6129

2) COMPOSITION / INFORMATION ON THE INGREDIENTS

Description: An insect monitoring/control trap constructed of cardboard containing a non-toxic non-drying adhesive pad to immobilize insect pests. The bait is a controlled release lure in the form of a tablet and contains a semiochemical to attract the target pest.

Attractant Lure:

Chemical type: A natural semio-chemical attractant co-formulated with stabilisers and control release agents/fillers.

Physical detail: A yellowish coloured solid tablet packed in blister foil. Active component is soluble in organic solvents and the inorganic ingredients are soluble in water.

Adhesive:

Physical detail: A colourless, transparent, non-drying adhesive coated onto a cardboard substrate. Insoluble in water and soluble in organic solvents.

3) HAZARD IDENTIFICATION OF THE PRODUCT

Attractant Lure:

Nature of Hazard:

Skin contact: Possible skin irritant.
Eye contact: Possible eye irritant.
Swallowed: Not Applicable.
Inhalation: Low toxicity, LD₅₀ (rat) > 5000 mg/kg.

Adhesive:

Nature of Hazard:

Skin contact: Possible skin irritant.
Eye contact: Not Applicable.
Swallowed: Not Applicable.

4) FIRST AID MEASURES

Attractant Lure:

Skin contact: Wash the affected area with soapy water.
Eye contact: Rinse with water for 15 minutes. If any irritation persists seek medical attention.
Swallowed: Do not induce vomiting obtain medical advice.
Inhalation: Remove affected person to a ventilated area. If recovery is delayed, seek medical attention.

Adhesive:

Skin contact: Remove adhesive with applicable cleanser.
Eye contact: Not Applicable.
Swallowed: Not Applicable.
Inhalation: Not Applicable.

5) FIRE FIGHTING MEASURES

Attractant Lure:

Flash Point: > 100°C
Combustibility: Combustible above 100°C
Extinguishing media: CO₂, Foam, Dry Powder and Water.

Adhesive:

Flash Point: > 155°C
Combustibility: Combustible above 100°C
Extinguishing media: CO₂, Foam, Dry Powder and Water

6) HANDLING AND STORAGE

Traps should be stored in a cool dry place, away for direct sunlight and remove the traps should only be removed from the packaging when they are about to be used.

The lure maintains its attraction properties for most target pest between 1-3 months, depending on temperature and humidity.

7) EXPOSURE CONTROLS AND PERSONAL PROTECTION

The product utilises an essentially non-volatile adhesive which does not present any significant occupational hazards. In addition the adhesive is approved for food packaging.

Each traps contains a lure tablet which contains a semio-chemical for the target pest. The semio-chemical is a naturally occurring product and is a permitted food ingredient.

8) TOXICOLOGICAL INFORMATION

Toxicity: LD₅₀ (rat) > 5000 mg/kg.

9) DISPOSAL CONSIDERATIONS

When full of insects or beyond working duration, the traps should be disposed of by incineration.

10) OTHER INFORMATION

Classification and labelling:

The data given here is based on current knowledge and experience. This Safety Data Sheet describes the product in terms of safety requirements and does not signify any warranty with regard to the product's properties. The information provided about the product on this Safety Data Sheet has been compiled from knowledge of the individual constituents the data given here only applies when product used for proper application(s). The product is not sold as suitable for other applications or usage in such may cause risks not mentioned in the sheet. Do not use for other application(s) without seeking advice from manufacturer. Applicable Laws Refer to the Dangerous Substance Directive (67/548/EEC) Refer to the Dangerous Preparations Directive (88/379/EEC)

Consult the label for directions for use.

THIS INFORMATION CONCERNS ONLY THE PRODUCT AS CONFORMING TO ITS SPECIFICATIONS AND LIMITED TO THE USES HEREIN STATED.

This sheet complements the technical sheet of use but does not replace it. The information contained on this sheet is based on knowledge of the product on the date of publication. It is given in good faith.
