## KB-VF INJECTION FORMULA

For use in food service facility three-compartment sink drain lines, and other appropriate drain lines. Delivered via an automatic injection pump to provide consistent treatment of drain lines. May be used in conjunction with *Fast Food / X-ray Formula* and *BioPill*.

### Application Instructions:

Remove pump from 5 gallon bucket if already attached. Clean bucket with water ONLY before adding new bacteria. Mix with 5 gallons of water in bucket. Reattach pump to bucket. Follow manufacture instruction for pump. Use all of the mixture at time of service. Repeat monthly.

### Storage:

Store at ambient temperature; do not allow to freeze.

### Product Information:

Environmentally friendly  
Safe for plumbing lines and septic systems  
Contains no corrosive or caustic chemicals  
No free enzymes or FOG emulsifiers

Non-flammable  
Does not cause pass-through  
Multiple strains of naturally occurring bacteria

### Precautions:

Do not ingest  
Keep out of reach of children  
Avoid contact with open wounds  
People with autoimmune deficiencies should avoid contact

Do not inhale  
Wear latex gloves for hygiene  
Avoid contact with eyes, nose, or mouth  
Wash hands with soap and water after handling

### First Aid:

In case of contact with eyes: flush with water for 15 minutes; seek medical attention if irritation persists.  
In case of contact with skin: wash with soap and water; remove contaminated clothing.  
In case of inhalation: remove victim to fresh air if trouble breathing; seek medical attention immediately.  
In case of ingestion: drink water to dilute; do NOT induce vomiting; seek medical attention immediately.
